Nashville, Tenn. (March 15, 2024) — Today, multi-platinum selling artist **Aaron Lewis** drops the final preview of his upcoming solo country album **THE HILL** — out **March 29** via **The Valory Music Co.** Listen to new song "Over The Hill," available today [HERE](#).

"Over The Hill" is the realization that we all make mistakes, take different paths and learn as we go," explains Lewis. "I've embraced it with no regrets."

On "Over The Hill," (written by Lewis, **Matt McGinn** and **Bobby Pinson**) Lewis takes the big-picture view, looking back on his 50-plus years with a self-aware sense of pride. Owning both his missteps and moments of clarity, a true everyday American deciding to make his final stand, figuring the climb was ultimately worth the effort.

Featuring ten tracks penned solo or with a tight circle of collaborator/confidants, the *THE HILL* speaks to a time of upheaval – both in the wider world and within. Pledging to shoot his fans straight, Lewis offers up a 50-50 mix of riding out the winds of change and driving another mineshaft deep into his soul. Like his 2022 collection *FRAYED AT BOTH ENDS*, Lewis delivers *THE HILL* as an acoustic record, maximizing the potential for lyrical impact. Produced by Lewis alongside **Ira Dean**, it's raw in the purest sense of the Country-rock term – often backing his jagged-edge vocal with just a guitar, dobro and mandolin.

The Vermont-born powerhouse first found success with **Staind** – the 2000s-era hard rockers who injected meditative muscle into an era better known for mindless aggression. But while that band is still very much alive, it was never enough to satisfy Lewis' creative drive. Embracing his roots to earn a rare second round of success, a series of solo Country projects have led to two No. 1 *Billboard* Country Album debuts – *TOWN LINE* (2011) and *SINNER* (2016) – plus a PLATINUM collab with heroes George Jones and Charlie Daniels ("Country Boy"), and a GOLD-certified *Billboard* No. 1 with "Am I The Only One" in 2021. Lewis' 2022 solo album followed suit, with *FRAYED AT BOTH ENDS* emerging as the best-selling Country album in America, but he never wrote songs for the stats. No matter the sonic setting, Lewis writes and sings to get his truth out and *THE HILL* is no different.

"Somebody's got to live this shit, and these songs, they're me," he says. "I really don't feel like I'm alone in my feelings – I'm just more willing to open up my mouth."

About Aaron Lewis

Aaron Lewis grew up in Springfield, Vermont, listening to his grandparents' country 8-tracks. Those roots inspired the multi-platinum Staind founder to return to his origins for the #1 Billboard Country Album debuts *Town Line* and *Sinner*, as well as Billboard's #1 Hot Country Song debut "Am I The Only One," only the 9th time since 1958. Having recorded with George Jones, Willie Nelson, Charlie Daniels, Alison Krauss and Vince Gill, Lewis has put a traditionalist brand on his outlier country.
